GMO-Z.com Trust Company, Inc.
150 East 52nd Street, Suite 7003
New York, NY 10022

We have examined management of GMO-Z.com Trust Company, Inc.'s assertion that the following information in the accompanying report titled "Management Report on GYEN Stablecoins" ("the Management Report") is correctly stated, based on the criteria set forth in the Management Report.

- GYEN Stablecoin ("GYEN") is an ERC-20 token which will be backed one-to-one by Japanese Yen ("JPY") held in a U.S. regulated bank. Management has asserted that the amount of GYEN does not exceed the JPY balances held in a U.S. regulated bank as of December 31, 2021, 23:59 UTC.

GMO-Z.com Trust Company, Inc.'s management is responsible for its assertion. Our responsibility is to express an opinion on management's assertion based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertion is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about management's assertion. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertion, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our opinion is limited solely to the Management Report and the corresponding balances as of December 31, 2021, 23:59 UTC. We have not performed any procedures or provided any level of assurance on any other balances.

The information in the accompanying Management Report relate to Digital Assets. The currently limited regulatory nature of the Digital Asset market including clearing, settlement, custody and trading mechanisms and dependency on information technology to sustain Digital Assets subject the Stablecoins to unique risks of theft, loss, or other misappropriation, as well as uncertainty with respect to the future viability of these coins. Users of the Stablecoins issued by GMO-Z.com Trust Company, Inc., are responsible for informing themselves of general risks and uncertainties and evolving regulatory requirements. Our opinion is not modified with respect to these matters.

This Independent Accountants' Report is intended solely for the information and use of the Company and the holders of GYEN tokens and is not intended to be, and should not be used by anyone other than these specified parties.
